

HOT HEADED KOLBITES

A Secret Call Issued for Volunteers

TO SEAT KOLB AS GOVERNOR

A Dynamite Outrage—One Man Killed and Several Severely Injured.

BRIMONHAM, November 27.—Several hot-headed Kolbite leaders have issued secret calls for armed men in companies of from 100 to 500 to volunteer to go to Montgomery on inauguration day next Saturday to seat Kolb as governor. The call urges the Kolb followers to "maintain their rights and carry out the will of the people." Companies are being organized. All the troops in the state have arranged to go to Montgomery and will carry their guns loaded.

A DYNAMITE OUTRAGE.

One Man Killed and Several Others Injured.

OSWEGO, November 27.—News has reached here of a dynamite outrage at Quincy, Plumas county. Nathan McDonald and six companions whom he had invited, were taking supper at Rockwell Park, about one mile from Quincy. Some one, prompted probably by jealousy, placed dynamite under the building and wrecked it. The explosion, however, in the office of the Plumas Independent, was killed outright. Fred Kaulbach had a leg broken, Harry Morton an arm broken, Nathan McDonald a leg terribly injured, and all the others were more or less hurt.

FOR FEEDING SOLDIERS.

The Railroad Company Presents a Bill of \$5000.

VALLEJO, November 27.—Representatives of the war department have visited the navy yard of late for the purpose of ascertaining from the officers at the yard how their men were cared for and provisioned during the recent railroad strike. It was always understood that the United States soldiers, marines and sailors were ordered out on request of the railroad company. Word was passed along the line of railroad stations to feed the men with the best to be had. The officials sent a bill to army headquarters for \$5000 for food for soldiers furnished the men. The bill was accordingly sent to army headquarters for payment, where it is understood it is being looked upon as a piece of injustice on the part of the railroad company.

Extent of Yesterday's Rain.

SAN FRANCISCO, November 27.—Today's rain extended over northern and central California. In all sections where it fell the rain was of benefit to crops and was eagerly welcomed by farmers. As for the crop prospects, they are good. At Quincy there was hardly enough rain to allay fears of a dry season. Food has been injured by the long dry spell and fruit trees have advanced too rapidly. In Sonoma valley the rain was just in time, as farmers and dairymen were greatly in need of it. Yuba City calls for still more rain to insure good crops. At Tracy nearly half an inch fell. Rain is also reported at Marysville, Ukiah, San Rafael, Petaluma and other points.

Cleveland Will Not Be Called.

SAN FRANCISCO, November 27.—Neither President Cleveland nor any of the eastern railroad men comprising the General Managers' Association will be called to California to testify in the strike conspiracy cases now on trial here before United States District Judge Morrow. Morrow ruled today that he had no authority to subpoena any witness from any point outside of the judicial district in which he presides. Attorney Monteth then made an application to have the deposition of President Cleveland taken. Judge Morrow took the application under consideration. The appointment of a commission for this purpose would be necessary.

To be Mustered Out.

SACRAMENTO, Cal., November 27.—General orders were issued by the adjutant general today as a result of the late military court inquiry. The findings of the court are approved by the Governor, except the censure of General Sheehan and Colonel Sullivan, which is considered excessive in view of the fact that these officers were not directly involved. Pursuant to recommendations of the court companies A of Sacramento, and G of San Francisco are to be mustered out of service on December 10th.

The Chinese Envoy Returns.

YOKOHAMA, November 29.—Prime Minister Ito has decided not to receive Mr. Hsueh, the envoy sent to Japan to negotiate peace. In the meantime Hsueh was recalled to China by a brief interview with the chief secretary of the cabinet, who arrived from Hiroshima before the envoy took his departure for Tien Tsin. The native press is generally indignant that China sent a foreign agent to negotiate for peace.

Warned Off the Track.

SAN FRANCISCO, November 27.—The board of stewards of the California Jockey Club, which has been investigating alleged crookedness in the running of several horses of the Baldwin stable, today called upon William O'Brien, Baldwin's trainer, and Willie Duff, stable foreman, and warned them off the Bay District track. The men were not ruled off the track, but simply told they never could do business in San Francisco again.

Edith Elder Indicted.

SACRAMENTO, November 27.—The grand jury today returned an indictment for murder against Edith Elder, who shot and killed her lover, Frank Quinn, in a lodging house here a few weeks ago. Miss Elder is yet to be taken into custody and is in the county hospital, but a bench warrant has been issued for her arrest, and as soon as able to be moved she will be taken into custody.

ARRIVALS FROM CHINA.

What Some of Them Say About the War.

SAN FRANCISCO, November 27.—The Oceanic brought over a dozen missionaries from various parts of China. Among them was Dr. H. Blodgett, of the American board of foreign missions, who has been engaged in missionary work in the Orient for forty years. He does not believe there is any danger to missionaries or other foreigners in China. He says the murder of Wylie was the only act of violence committed. The Chinese, he says, considered Port Arthur inviolable, and it was as strongly fortified as Ingenuity could suggest. He believes the Japanese will capture Peking, although the troops must march thirty days to reach the Chinese capital. The capture of Port Arthur will give easy transportation to Japanese troops. The ultimate aim of the Japanese is to acquire more territory.

A United States naval officer who came over on the Oceanic says never in any war has such patriotism been shown as that evidenced by the Japanese. Rich and poor have contributed to the war fund and carried thousands of members of the Red Cross society, in the ranks of which are royal princesses and nobles. The society has hospitals in every part of the empire and has done fine work on the battlefields.

Shot at a Footpad.

SACRAMENTO, November 27.—As F. L. Gerrish was on his way home tonight he was stopped at Twelfth and G streets by a footpad who told him to throw up his hands. Gerrish threw them up, but in doing so his pistol went off, and when on a level with the footpad's breast he fired. The footpad staggered off a little way and then shot at Gerrish, but missed him. Afterward the police tracked the footpad through a muddy alley to the next street where the tracks could not be followed. Gerrish is quite certain that he put a bullet into the footpad.

KOLB STILL INSISTS THAT HE WILL BE SWORN IN.

Two Wagon Loads of Sabers Distributed Among Police and Troops.

MONTGOMERY, Ala., November 28.—Warlike preparations are going on here in anticipation of trouble with the Kolbites, who have threatened that Kolb will be sworn in as governor on Saturday. Two wagon loads of sabers have been distributed among the police and the troops are cleaning up their guns. Kolb still insists that he will be sworn in as governor, and says: "If there is trouble I will not be responsible for it. I will adopt only peaceable means to secure my rights."

The San Jose Mercury concludes a report of the affair with the following: "Mrs. Franks, however, discovered last night that perhaps she had made a great mistake. She was married to a man named Dave Searley and left him. She came to San Jose about two months ago."

The Japanese are not inclined to open negotiations with Mr. Oting unless he is vested with full power to negotiate. The extent of his power at present is unknown.

A STORE ROBBED.

Nine People Stood Up While Robbers Helped Themselves.

SANTA CLAY, Nov. 28.—Three robbers heavily armed, headed by Jim French of the Cook gang, at Chocoma at 7:30 tonight held up and robbed a store full of men, and after taking all the cash in sight and coolly helping themselves to tobacco, blankets, etc., drove away. The clerks and customers present, numbering nine people, were arranged in line. French had said should shoot the first man that moved, and his word was sufficient to turn the cowardly men into statues. Having secured all in sight they wanted, the bandits rode away. A holdup is expected at Bond, a few miles from here. News was received at Chocoma in time to put twenty-two guards on the south-bound train. United States Judge Stewart and Marshal McAllister are also aboard, having positive orders to shoot till the last man falls.

The engineer did as he was ordered. When the train came to a full stop the robbers ordered the engineer and five men to go back and cut the train behind the express car. The robbers fired several shots. When the fireman went to the express car he only cut the loose that ran to the coaches. The robbers hurried the engine and tried to pull out but the train was too heavy to move. Nothing more was seen of them. Bloodhounds have been telegraphed for and will be in use in a few hours. The officers think they have a clue.

WOODLAND, Cal., November 28.—In the Hatch trial today General Hart made a lengthy statement in which he promised to prove that Hatch was not in the wagon driven by Johnny Shepler; that the attempt to identify him as one of the men driven to the scene of the accident was a case of mistaken identity, or an attempt to convict a man for the purposes of terrorizing employers; that an affidavit was given by the witnesses that Hatch was in Sacramento when the wreck occurred. Mrs. Agnes Zink of Bromfield, testified that she saw a carriage filled with men being driven to the train and that Hatch was not one of them.

THE ARMY RITUAL.

Salvationists Married at Kutner Hall.

Standing room was at a premium at Kutner hall last night. All day yesterday a wagon containing an industrious drummer and a canvas-covered frame announcing a hallooing wedding of a Salvation lad and lassie, paraded the streets. A grand wedding supper was served from 7 to 8 at the hall, after which all left for Kutner hall, where the wedding was to take place. The ceremony was preceded by a regular salvation love feast. At 9 o'clock, the sweet strains of Mendelssohn's wedding march "on the basis drum," the bride, Miss Inge Madsen, on the arm of Lieutenant Weir, and the groom, Miller Hansen, on the arm of J. L. Miller, entered and lightly mounted the platform. They were especially made one by the plain but budding ritual of the army. The ceremony was performed by Staff Captain James Thomas of the Central district, comprising California and Utah, and exalted of the contracting parties that they would not let their marriage relations interfere with their work in the army. After the wedding the bride was called on by her testimony, and she humbly thanked the Lord for the blessing he had given her that day, and the groom promptly said he would be married. The meeting was closed by the staff captain, who made a strong appeal to sinners to forsake their sins and come to the Lord, after which congratulations were showered upon the happy couple.

STANFORD VICTORIOUS

In the Annual Football Game With Berkeley.

THE SCORE SIX TO NOTHING

Fully Fifteen Thousand People Witness the Great Contest.

SAN FRANCISCO, November 29.—San Francisco is being painted red tonight for Stanford University won the annual football game from the University of California by a score of six to nothing. Fifteen thousand people, all the Haight street ball grounds would hold, saw them do it and howled enthusiastically when either side made a move. This was the fourth game between the two colleges. Stanford won the first and the next two were ties. Stanford won today's game on a fluke, but that fact does not abate Stanford's joy, though it gives the University of California a little comfort.

It happened shortly before the end of the first half. The University of California had the ball near the center of the field and when they punted, Stanford blocked the ball and it rolled down the field toward the Berkeley goal. Cochrane of Stanford went through the Berkeley line like a shot and made a grab for the ball, but he missed it and struck it with his foot, and the ball rolled over the line with Cochrane on top of it. That scored four for Stanford, and Kennedy kicked a beautiful goal, making two more. These were the only points made during the game, though Berkeley came very near scoring.

In the second half Berkeley got the ball on a fumble on Stanford's fifteen-yard line. Henry was sent around the end for five yards. No gain was made on the next two downs, and Berkeley tried a kick. The ball rolled over the Stanford's line, but Stanford was given a touch back for an off-side play by Berkeley, and took the ball back to the twenty-five-yard line. Several times Berkeley got the ball within a few yards of the Stanford line, but on a special play, when time was called, the ball was in the middle of the field. Stanford was coached by Walter Camp of Yale, and made most of its gains by plays around the ends.

Berkeley, coached by Gill of Yale, played a huckling game and made its gains through center, though during the second half they resorted to kicking. No long runs or especially brilliant individual plays were made by either side.

There were no players disabled, but Plunkett was ruled out for slugging and Watchorn took his place. The street car roads leading to the ball park could hardly accommodate the crowd sent around the end for five yards. No gain was made on the next two downs, and Berkeley tried a kick. The ball rolled over the Stanford's line, but Stanford was given a touch back for an off-side play by Berkeley, and took the ball back to the twenty-five-yard line. The Exposition company's watchman and the customs inspector were the only persons in the building. The burglars gained an entrance to the building and made their presence known by firing upon the watchman and extinguishing the bullet-proof lantern which the inspector carried.
